

The Bank Beach Club

Located at the tip of the Marina, The Bank Beach Club, is the newest dining outlet to open its doors to the Jebel Sifah community, offering International and Asian-inspired gourmet meals with uninterrupted 360° scenic views of the Arabian Sea and the Al Hajar Mountains, Jebel Sifah's marina and stunning beach to its guests.

The new Mediterranean-inspired venue sports an al-fresco lounge and restaurant overlooking its stunning signature 500sqm infinity pool lined with sprawling palm trees. The décor is inspired by the bright white and deep blues of Santorini to transport visitors to the Mediterranean on the glistening Omani coast and transform the concept of beach dining in Oman.

The restaurant offers fresh seafood dishes including locally-caught tuna, soft-shell crab and king crab tempura, crispy squid, oysters and a range of sushi, as well as classics such as steak, linguini, fish and chips, burgers and fresh salads, as well as hot and cold desserts including homemade gelato and sorbet. The wide variety of dishes are made with the highest quality ingredients while allowing guests to enjoy the beautiful scenery from the large outdoor seating area and lounges.

The Bank Beach Club is run in partnership with Urban Hospitality, the company behind the highly popular 'The Bank' restaurant in Muscat, and adds a unique and exciting new dining experience to the culinary options on offer at Jebel Sifah.
